

# EXPAND ACCESS TO CRITICAL SERVICES

## UNITED IS THE WAY

Your support helps local kids and their families access critical services like food, diapers, and protection from domestic violence.

“A single mom of three found us when she was struggling to make ends meet. She told us the market gave her more than food, it gave her breathing room and hope when she really needed it. She now comes back and volunteers when she can.”

– Funded Partner Restoration Community Impact on their pop-up and satellite markets
